Police Chief Kleibecker gave details of a shooting incident at the Spotlight Night Club on Saturday, May 16, 2008.

The establishment has had four shooting incidents since its opening on July 1, 2007.

All persons involved in the incident on May 16, 2008 were in the club at some point during the evening.

Commissioners discussed details of the shooting incident.

Cathy Brubaker-Clarke, Community & Economic Development Director, stated that diversity is important in our community; however, a negative image downtown makes downtown development very difficult.

Continuing discussion ensued amongst the City Commissioners and Mr. Jones.

Several members of the audience made comment.
